This 1/16 scale pivot is steel construction. It is patterned after a 137 foot span, but is a little short by scale, being the scale length close to a 118 foot span. The height and width are to scale. Wheels turn and hook joints are flexable. Spans come with end signs. Pivot point comes with simulated panel. This can be used as a yard ornament.

THIS IS NOT A TOY, IT IS FOR DISPLAY ONLY.
